

	Group	MFL Leaders 
	Photo	This photo was taken in March 2024 in the Languages department. These Language Leaders are in year 7 and year 9.
	Activities/ work undertaken	Our Language Leaders are responsible for helping continue to raise the profile of languages across the school, and spread the message that languages are fun and incredibly useful in the world of work. So far, they have led a competition with the older year groups (results to be announced shortly) and are already planning to roll out their second competition which is a languages themed baking contest! Later in the year they will lead on creating resources for a year 5 taster languages sessions for local primary schools, and will assist in lessons during the year 6 transition days in the summer. Bon travail and buen trabajo to all!
Learning to Shape	Impact on others	Raising the profile of Spanish and French and mentoring younger learners in leadership skills.
	Impact on themselves	leadership skills developed, activity / project planning
	Quotes	“We are looking forward to being language leaders because we are excited to help other people share our passion with languages, it will help us with our CV and we can learn a wider range of language skills. We want to be able to do assemblies and go to primary schools to help them and our leadership team.”
