

International Eco-Schools Green Flag Award

Flagging it up!

We all came to school,
Like any old day,
Except the fact
We had one pound to pay
To wander around
All clad in our greens,
And raise eco funds,
Through various means

We had green decorations
And then at green break
You could walk your green self
To buy a green cake.
In lower school lessons
The children were taught
The things we could do
With the pound that they brought

The action team gathered,
Towards the day's end
To admire the money
That we had to spend.

Since then we have worked
With the primary schools,
And by changing the mindset
-not changing the rules-
Have decreased the energy
Use of our site
By raising awareness
Through a 'switch off fortnight'

No more is there litter
Around the school grounds
And our paper recycling
Saved thousands of pounds.
Plants, bins and green bags
We could now afford
To make ourselves fit
For the Green Flag Award

**Katie and Claire, Year 12 Eco-Schools Action Team Leaders
Upton-by-Chester High School**
