

Edexcel A Level Economics Study Tasks

Current Affairs

You need to consider what is happening in the world around you, so that you can see the relevance in what you are learning and have real life examples to incorporate into your answers.

Each Week you should be reading and watching the news and finding articles linked to what topic you have studied that week.

www.bbc.co.uk/news

www.ft.com

Analyse the text, what is happening – how can economics explain the content? What arguments can you develop to counteract the main points etc.

Yr 13 Specific – you should be collecting information in regards to the developing countries of your choice
