## Focus: Sexual abuse and harassment

### What is sexual abuse?

Sexual abuse is forcing a child or young person to take part in sexual activities. Sexual abuse does not necessarily involve violence.

Did you know:

- Sharing nude images of someone without their knowledge is a form of abuse?
- Sexual abuse can take place online, and technology can be used to facilitate offline abuse?
- Causing someone to engage in sexual activity without consent is sexual abuse?

**What is consent?**  
Consent is about having the freedom and capacity to choose. The age of consent is 16.

### What is sexual harassment?

Sexual harassment is unwanted conduct of a sexual nature that can occur online and offline. This could include, for example:

- Sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- Sexual “jokes” or taunting
- Physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes
- Sharing of unwanted explicit content online
- Upskirting
- Sexualised online bullying
- Unwanted online sexual comments and messages, including, on social media;
