1. Aims

Our SEND policy and information report aims to:

- Set out how our school will support and make provision for learners with special educational needs and disabilities (SEND)
- Explain the roles and responsibilities of everyone involved in providing for learners with SEND.

Upton-by-Chester High School promotes the learning and wellbeing of learners with special educational needs. We strive to ensure that learners are given the opportunities within school to achieve their potential with the support and guidance of teachers and support staff. In line with [The Equality Act 2010](#), learners with special educational needs and disabilities are treated more favourably than a learner who is not disabled and school may have to make changes to its practices to ensure, as far as is reasonably possible, that a disabled learner can benefit from what we offer to the same extent that a person without that disability can.

2. Legislation and guidance

This policy and information report is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and the following legislation:

- [Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for pupils with SEND and disabilities
- [The Special Educational Needs and Disability Regulations 2014](#), which set out schools' responsibilities for education, health and care (EHC) plans, SEND co-ordinators (SENCOs) and the SEN information report

3. Definitions

A learner has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

- A significantly greater difficulty in learning than the majority of others of the same age, or
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

4. Roles and responsibilities

4.1 The SENCO

The SENCO is Miss Anne-Marie Farnin. The Assistant SENCO is Julia Jackson.

They will:

- Work with the headteacher and SEND governor to determine the strategic development of the SEND policy and provision in the school
- Have day-to-day responsibility for the operation of this SEND policy and the co-ordination of specific provision made to support individual learners with SEND, including those who have EHC plans
- Provide professional guidance to colleagues and work with staff, parents, and other agencies to ensure that learners with SEND receive appropriate support and high-quality teaching
- Advise on the graduated approach to providing SEND support
- Advise on the deployment of the school's delegated budget and other resources to meet learners' needs effectively
- Be the point of contact for external agencies, especially the local authority and its support services
- Liaise with potential next providers of education to ensure learners and their parents are informed about options and a smooth transition is planned
- Work with the headteacher and governing board to ensure that the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements
- Ensure the school keeps the records of all learners with SEND up to date

4.2 The SEND governor

The SEND governor, Mr Paul Ivison, will:

- Help to raise awareness of SEND issues at governing board meetings
- Monitor the quality and effectiveness of SEND and disability provision within the school and update the governing board on this
- Work with the headteacher and SENCO to determine the strategic development of the SEND policy and provision in the school

4.3 The headteacher

The headteacher, Mr Lee Cummins will:

- Work with the SENCO and SEND governor to determine the strategic development of the SEND policy and provision in the school
- Have overall responsibility for the provision and progress of learners with SEND and/or a disability. The day to day oversight of the department is delegated to Mrs Karen McCarthy as line manager of the area.

4.4 Class teachers

Each class teacher is responsible for:

- The progress and development of every learner in their class
- Working closely with any teaching assistants or specialist staff to plan and assess the impact of support and interventions and how they can be linked to classroom teaching
- Working with the SENCO to review each learner's progress and development and decide on any changes to provision
- Ensuring they follow this SEND policy

5. SEND information report

5.1 The kinds of SEND that are provided for

Our school currently provides additional and/or different provision for a range of needs, including:

3

- Communication and interaction, for example, autistic spectrum disorder, Asperger's Syndrome, speech and language difficulties
- Cognition and learning, for example, dyslexia, dyspraxia,
- Social, emotional and mental health difficulties, for example, attention deficit hyperactivity disorder (ADHD),
- Sensory and/or physical needs, for example, visual impairments, hearing impairments, processing difficulties, epilepsy
- Moderate/severe/profound and multiple learning difficulties

5.2 Identifying learners with SEND and assessing their needs

At Upton-by-Chester High School we will assess each learners' current skills and levels of attainment on entry, which will build on previous settings and Key Stages, where appropriate. All KS3 learners will sit the MidYIS assessments at the start of the autumn term. Class teachers will make regular assessments of progress for all learners and identify those whose progress:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better the child's previous rate of progress
- Fails to close the attainment gap between the learner and their peers
- Widens the attainment gap

This may include progress in areas other than attainment, for example, social needs. Slow progress and low attainment will not automatically mean a learner is recorded as having SEND.

When deciding whether special educational provision is required, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the learner and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

5.3 Consulting and involving learners and parents

We will have an early discussion with the learner and their parents when identifying whether they need special educational provision. These conversations will make sure that:

- Everyone develops a good understanding of the learner's areas of strength and difficulty
- We take into account the parents' concerns
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on what the next steps are

5.4 Assessing and reviewing pupils' progress towards outcomes

We will follow the graduated approach and the four-part cycle of **assess, plan, do, review**.

Subject teachers and/or Head of Year will work with the SENCO, Miss Farnin, to carry out a clear analysis of the learner's needs. This will draw on:

- The teacher's assessment and experience of the learner
- Their previous progress and attainment and behaviour
- Other teachers' assessments, where relevant
- The individual's development in comparison to their peers and national data
- The views and experience of parents
- The learner's own views
- Advice from external support services, if relevant

The assessment will be reviewed regularly.

4

All teachers and support staff who work with the learner will be made aware of their needs, the outcomes sought, the support provided, and any teaching strategies or approaches that are required. We will regularly review the effectiveness of the support and interventions and their impact on the learner's progress

5.5 Supporting pupils moving between phases and preparing for adulthood

We will share information with the school, college, or other setting the learner is moving to. We will agree with parents and learners which information will be shared as part of this.

Learners are given opportunities in Year 10 to visit different college taster days to experience post 16 settings.

5.6 Our approach to teaching learners with SEND

Teachers are responsible and accountable for the progress and development of all the learners in their class.

High quality teaching is our first step in responding to learners who have SEND. This will be adopted for individual learners. All teachers at Upton-by-Chester High School are fully TEEP trained.

We will also provide the following interventions:

5.7 Adaptations to the curriculum and learning environment

- Adapting our resources and staffing
- Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.
- Adapting our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.
